Newark, New Jersey

Dear Sirs:

We are anxious to receive continued releases from your league during the coming baseball season. In the past we have not received releases regularly and those we have received have been too late for publication many times.

Our deadline for sports news is Monday at 2 p. m. We will gladly defray all excess postage. We would like to receive mats and pictures along with general releases.

We are particularly desirous of having pre-season plans at this time.

Sincerely yours,

*Willie Bea Harmon*
